

The Hon. M. BAIRD, MP
Premier of NSW and Minister for Western Sydney
Level 40 Governor Macquarie Tower
1 Farrer Place
SYDNEY NSW 2000

Dear Premier,

Re: The Windsor Bridge Replacement Project

The people of New South Wales have a right to an accountable, responsible and transparent State Government. They have the right to see their tax dollars invested wisely in strategically justifiable and appropriate infrastructure.

The community has a right to public infrastructure that sets a standard of excellence, rising above the mediocre, delivering solutions that contribute positively to communities; not necessarily the easiest solutions but rather, solutions that benefit both current residents and future generations. In summary; the community has a right to wisdom, vision, sensitivity, creativity and common sense in response to complex infrastructure challenges.

The current proposal for a new river crossing at Windsor delivers brutal pragmatism, historical insensitivity and technical incompetence.

The time has come, Premier for your intervention. Stop this catastrophic waste of public money and insist the RMS deliver a strategically sound and sustainable bypass for Windsor. To do anything less is to betray the mandate bestowed upon your Government by the people of NSW.

Yours sincerely,
